

Happy New Year to All! I hope you had some fun and some rest over the holidays. For us it was the year to replace a roof, gutters, a thermostat, repair cars, instrument repair, dental surgeries, and mending many things! However; all is well! If there is one thing I have learned over the many years; it's okay if the obstacles seem overwhelming; just don't allow yourself to be overwhelmed. This too shall pass and I have the faith it all will work out, get it done or come up with new ideas. We were able to play a lot of music, which was great. Lots of fun local gatherings in the community which was heartwarming because it was impossible to visit any family with the tasks at hand.

Speaking of the tasks at hand... This Wed is the 8th of January, which means the the annual EOJ Oldtime Music weekend is coming up this Fri & Sat Jan 10 & 11! This is a very special event. It is very affordable and fun! We also are so grateful that NOTSBA (Nashville Oldtime String Band Association) has sponsored this event which is a huge blessing, as we do not have grants or anything like that.

There is no pre registration. The EOJ Registration is first thing you do when the doors open on the morning of the event on both Fri & Sat. Class sizes are limited; so it is first come first served. There is always jamming going on. There are jams for different levels while classes are different levels and visa versa. So you can warm up before a class or play after a class; or jam most the time. There's instruction on many instruments, dance and song and lots of history tid bits with the activities.

Enclosed in this newsletter is all the info about it.

My holidays were quite busy with work, and I had trouble getting back to every individual with Questions about EOJ. Our Dec Newsletter had all the information. I'm sending it out again in this New Years letter. Scroll down to see and read the pages.

First, see our fantastic Instructors! Next, see the Friday & Saturday schedule of the classes and activities! And don't forget to read the Event Orientation page 1 (It will answer most Questions like food and class levels and the grounds. Lastly read the Event "Jamming tips" page 2! You'll have a chuckle reading it and learn some really helpful tips to maximize your experience!

Other Announcements:The two Irish Music Classes have been going well and the schedule continues into the New Year. NOTE: There is an adjustment to the schedule. The Sat Feb 1 Class has to be rescheduled. (might be the plan b chili sat Feb 22 if we don't need it for the cookoff)

EIGHTH OF JANUARY

OLD TIME MUSIC WEEKEND

FRI & SAT JAN 10-11, 2025

Two days of workshops for: Fiddle / Guitar / Mandolin / Clawhammer Banjo / Traditional Song.

Also: Instructor Concert / Led Tune Workshop for all Instruments / Buck Dance Workshop / Lots of Scheduled Jamming.

TAUGHT BY

Bob Townsend is considered one of Tennessee's finest living fiddlers. His neighborhood in South Pittsburg was home to a family that played fiddle, banjo, guitar, and mandolin. He was instantly fascinated. He has been playing ever since. Bob honed his knowledge of the South Cumberland's regional repertoires and styles by visiting and watching many older regional fiddlers, as well as from listening closely to rare homemade tapes and commercial albums. His biggest influences was Charles Higgins, who taught him tunes from Grundy County fiddler Oscar Overturf (1900-1988). Bob has performed extensively with the Fiery Gizzard String Band.

Alan O'Bryant Alan's uncles and cousins were all into oldtime music and what they called "string music." Alan picked up the banjo at age 13, and took to it instantly. He learned by listening to records and watching his cousin play. His uncle quickly recognized Alan's potential. "He'd come get me and take me with him to a dance," where they would perform with a group of old-timers and split the earnings. He was a huge fan of Bill Monroe's since he was a kid and got to be a Blue Grass Boy. Monroe was a huge influence on him; their friendship continued until Bill's death. Alan has taught numerous banjo camps, including the Banjo Institute Clinic, and NashCamp. Alan is very rooted in old-time music, playing mandolin, and teaches mandolin, guitar and banjo.

George Guthrie a talented Nashville-based banjo player (both 3-finger bluegrass and old time clawhammer style) and singer. He is best known for his touring and recording with The Wooks, but is also an in-demand sideman with various other bands and projects. He toured as the principal banjoist with the Broadway show written by Steve Martin and Edie Brickell. George once played over 150 shows in 8 cities over a 9-month period.

Amy Alvey is an award winning fiddler, singer and songwriter who tours the country as half of the duo Golden Shoals. She's a Berklee graduate who's spent the better part of a decade immersed in the old-time scene, performing and picking into the wee hours at the nation's fiddle gatherings and music festivals. She's won ribbons in traditional fiddling contests such as Clifftop, Mount Airy, Galax, Surrey County, and the Grand Masters Fiddlers Championship. She hosts the weekly Sunday night old-time jam at Fran's Eastside Lounge in Nashville.

Tim May toured with Patty Loveless, Eddie Rabbitt, and Kathy Mattea and played The Grand Old Opry with Mike Snider's band. He was voted Nashville Reader's Poll Best Instrumentalist in Nashville in 2012, and in the Top 3 in 2013. Tim played on Charlie Daniels' 2005 track of 'I'll Fly Away', (nominated for Country Instrumental Grammy). He co-authored *The Flatpicker's Guide to Irish Music*, *The Flatpicker's Guide to Old Time Music*, *The Mandolin Player's Practical Guide to Scales and Arpeggios*, the eight volume series *Flatpicking Essentials*, and is in demand as a roots music teacher including The Swananoa Gathering's Guitar Week and Song Week.

Jodi Harbin is a career musician who teaches mandolin, guitar, banjo and bass. She was the founder of the Colorado bluegrass band, Lonesome Traveler, and has continued her involvement in the bluegrass community after moving to the Knoxville area. She now performs with several groups including the Museum of Appalachia Band, Evie Andrus Band, and with her husband Tim Harbin. Working with Steve Kaufman at his camp every summer and teaching camps throughout the US has exposed her to a wide range of teachers and teaching materials on all the bluegrass instruments.

Hillary Klug, also known as the Dancing Fiddler, has been quietly making a name for herself over the past several years online. By quietly, I mean outside the traditional channels for achieving notoriety in music, as the volume of her impact on social media has been anything but quiescent." - John Lawless of *Bluegrass Today*

Erinn Peet Lukes has a pure, angelic voice and bluegrass-inspired sensibilities. She makes music that crosses genres with melodies that are fun and memorable. After years touring with her bluegrass band Thunder and Rain, she moved to Nashville. In her decade long career, Erinn has shared the stage with great songwriters such as Jennifer Knapp and John Paul White of the Civil Wars. Her songwriting has gotten her placed in the Kerrville New Folk Competition (2018) and the Merlefest Chris Austin Songwriting Competition (2021). In 2021 she graced the stage of the world famous Station Inn in Nashville, TN. Her band, Thunder and Rain, has a brand new release and currently touring.

Gretchen Priest is founder, & director of the Musical Heritage Center, aka Fiddle & Pick. She teaches Old-time, Irish, Bluegrass fiddle and other styles through private lessons, classes and hosts inclusive Traditional music jams/sessions. She recently released a new record, "Roadside Distraction", with mandolinist Emily Wilson (Old-time, Irish & wacky modern tunes). She also currently plays with The Nashville Irish Trio (Eamonn Dillon, Robert Johnson), Erinn Peet-Lukes, and also her long-time band, PLAIDGRASS. She has been on staff at many music camps, toured with Ceili Rain, Crucial Smith, played the Grand Ole Opry, and for many Nashville Artists; and played for the Pope!

Orientation page !: for Eighth Of January Old-Time Music Weekend
Essential things to know and Questions Answered:

The Layout of the grounds; There are three buildings for the event:

1. Fiddle & Pick, aka... The Musical Heritage Center (**only enter front door**)
2. Pegram Community Club "PCC", aka... Pegram Station (**across the Street**)
3. First Baptist Church of Pegram (**Enter at Church carport entrance**) It is located *behind the residence, behind Fiddle & Pick*; It is less than a 5 min walk; the long driveway takes you directly to the carport entrance. Plenty of parking front & back
~All three buildings are in walking distance. You can drive if you want; but no need to...We have a volunteer shuttle Shepherd. A simple text gets you and your instruments to and fro!

~ **All three buildings have 2 bathrooms and parking.** The Church and PCC have more parking than Fiddle & Pick.

NOTE: **We try not to use the next-door neighbor's business parking lot; When they are open. The Mud Puddle Pottery and art studios need their lot. Use if they are closed.**

~ We recommend you use the bathroom at the PCC or the Church *before you head over to Fiddle & Pick* to prevent long bathroom lines at Fiddle & Pick.

What does EOJ OT Weekend cost to attend?

This year's EOJ Old-Time Music Weekend is \$25 admission for each day (Fri \$25; Sat \$25)
*Your admission includes: The All Instruments Tune WS with Bob, A Buckdance WS with Hilary, an informal Instructors Concert, and access to all the Jams. **Wear Name Badge at All Times!***

Other classes offered: \$25 fee per person for each class; a "one class minimum" per day. Fiddle, Guitar, Mandolin, Clawhammer Banjo, Traditional Song Circle are offered both days.

How we accommodate Class Levels:

~Higher Level Classes (Intermediate-Advanced) are taking place while the Slower/Mid-Tempo Jams are taking place.

~ Lower Level Classes (Newer Players/Intermediate) are taking place while the faster jams are taking place.

~ *unfortunately, there are NO classes for total beginners because we don't have enough rooms.*

~*Make note that we do teach all levels and ages year-round at the center including total beginners!*

~*We try our best to accommodate lots of jamming!*

~ *Traditional Song Circle and the Buckdancing class is "all levels"no experience needed.*

Also all are welcome to try or observe The ALL Instruments Tune WS.

FOOD? Drink?~Fiddle & Pick has light concessions (snacks & beverages \$1).

~For **Lunch time** you can go into Bellevue (15 min drive) where there is a variety of restaurants. There is a food truck on the way there. Bring a sack lunch and dine at PCC. You may store items in the PCC Fridge (across the street from Fiddle & Pick). There is an oven with a stove top and a microwave. Lots of tables, chairs and restrooms. ~Whether you have carry-out food, or a sack lunch; **PLEASE eat all meals at PCC, instead of Fiddle & Pick.** After all, Mealtime is a goodtime hang out! Enjoy!

~ **Supper Time on both Fri & Sat: Potluck Central at the Pegram Station!**

If possible, bring an item to share.~ We will provide Coffee, Tea, Water, plates, bowls, cups, plastic ware & Naps, and good vibes at PCC! See you on the funway!

What you should know about Jam Etiquette at EOJ Old-Time Weekend.
Page 2 Great tips that are helpful to everyone!

~**Tune your instrument** before you enter any Jam. (Its good to have a tuner and an instrument that will tune up). Sometimes new strings are needed.

~**Play in one key for awhile before switching keys.**(There are reasons for this).

~**Don't play loud all the time.** Vary your volume in tunes. "Beating & sawing" approach is not desirable but there are times when its racous .

~**We recommend taking turns picking out a tune for all to play;** This way everyone gets a chance to pick a tune. Review a tune you learned in class. NOTE: It is good idea to "**say the name of the tune out loud**" that you are about to start, **especially at a large jam! Sharing the name is so helpful!** Everyone is learning. It is hard to hear the start; folks far away from you will really appreciate knowing what tune you are launching!

~ **When the jam is playing a tune that you don't know yet; LISTEN** to it a round *before* trying to play it. This is good for everyone. After listening for a time, start to play it softly and keep listening while picking up more of it.

~**Do Not clutter the Jam Area with your instrument cases.** Just bring your instrument in the jam. **Use the tables for cases.** Consolidate your personal items by putting things in your case like keys, wallet, purse, books, coat, gloves, etc...that easily get lost at an event.

~ Please don't move chairs that are set up to accommodate a large jam. **Chairs are set up to maximize seating space for a jam.** Always, more folks will arrive. Remember this: The undesirable, "one wide circle" makes it impossible for a large group to stay together on the beat. Rhythm is King.

"The onion, or "layered circles" work best for a large group to play together. Smaller jams are welcome to spring up in other rooms.

Musical Heritage Center aka... a building called...."Fiddle & Pick":

~ **Keep it tidy!**

~Drinks go on the little tables, instead of the floor where they get kicked.

~When you leave the jamming area, *Please* take all of your items with you (including your trash & drinks)

NEVER pick up someone's instrument and play it without asking them first. Also don't be shocked if they say "No". They have the right to say No.

When in classes, please keep conversation short and no noodling! Get more out or the session. Play Nice. Enjoy! Hope these tips are helpful. Sending this with Love, not meant mean spirited or unkind tone.
